ALAMEDA COUNTY TRANSPORTATION COMMISSION

Objective	<p>The mission of the Alameda County Transportation Commission (Alameda CTC) is to plan, fund and deliver transportation programs and projects that expand access and improve mobility to foster a vibrant and livable Alameda County. Alameda CTC was created in July 2010 by the merger of the Alameda County Congestion Management Agency (ACCMA) and the Alameda County Transportation Improvement Authority (ACTIA), to streamline operations, eliminate redundancies and save taxpayers dollars. As a result of the merger, Alameda CTC is able to implement more cost-effective methods for planning, funding and delivering programs and projects that benefit Alameda County residents and businesses.</p> <p>Alameda CTC has assumed all duties of the ACCMA and ACTIA. As successor to ACTIA, Alameda CTC delivers the Expenditure Plan for Measure B, the half-cent sales tax approved by 81.5 percent of county voters in 2000. The Expenditure Plan contains a number of capital projects-including freeway widening, interchange improvements, high-occupancy vehicle (HOV) lanes, BART extensions and transit station development-as well as programs for local street and road improvements (fixing potholes), special transportation services for seniors and disabled individuals, bicycle and pedestrian safety, and transit operations.</p>
Established	March 25, 2010
Authority	The Joint Powers Agreement created a joint powers agency pursuant to the California Joint Exercise of Powers Act that will have all of the authority, powers and rights of the Alameda County Congestion Management Agency ("ACCMA") and the Alameda County Transportation Improvement Authority ("ACTIA") and certain additional powers as described in this Agreement.
