

Employee Self-Service COVID-19 Vaccination Tracking Job Aid

Purpose: To provide employees with step-by-step instructions on how to update their COVID-19 Tracking Page in HRMS with COVID-19 Vaccination information.

I. COVID-19 Vaccination Tracking

If you are vaccinated or have received at least one vaccination dose, follow the steps below to record your COVID-19 vaccination information and to upload your proof of vaccination.

Step	Process
1	Log into HRMS and from the Employee Self Service page click on the COVID-19 Tracking tile.
2	Go to the Covid Vaccine Data section to enter your vaccination information.
3	Begin by selecting the appropriate Vaccine Type from the drop-down menu based on the vaccine type received (<i>review your proof of vaccination record for details</i>).
4	Using the Calendar icon, select the date you received your first vaccine dose in the Dose 1 Date field.
5	Next, select the Dose 1 Provider using the drop-down menu. <i>Note: If you received your COVID-19 vaccine outside of the United States, select "International". If none of the options are applicable, select "Other".</i>
6	<p>If you received a 1 dose vaccine (i.e. Johnson & Johnson) or have only received the first dose of a 2 dose vaccine, you can move on to Step 7.</p> <p>If you received a 2nd vaccine dose, continue to complete the Dose 2 Date and Dose 2 Provider fields:</p>  <p><i>*Note: Future dated entries are not permitted in the Covid Vaccine Data section.</i></p>
7	After completing the Covid Vaccine Data section, you must upload your proof of vaccination . To upload, go to the Vaccine Supporting Documentation section, click on the Add Attachment button and select My Device .
8	Next, select your proof of vaccination document or photo from your files and click Open .
9	From the File Attachment window, select the Upload button to attach the file to your COVID-19 Tracking page.
10	Once you receive the "Upload Complete" message, click on the Done button at the top right:

	 <p>Verify your file attached properly by clicking on the file name to open the attachment. If any corrections are necessary, you can delete the attachment by selecting the  icon.</p> <p>▼ Vaccine Supporting Documentation</p> <p>Attachments</p> <p>Add Attachment</p> <table border="1"> <thead> <tr> <th>Attachments</th> <th>Description</th> <th>Attached By</th> <th>Attached</th> <th></th> </tr> </thead> <tbody> <tr> <td>Test_Photo_File_3.pdf</td> <td></td> <td></td> <td>08/15/21 11:49:42 AM</td> <td></td> </tr> </tbody> </table>	Attachments	Description	Attached By	Attached		Test_Photo_File_3.pdf			08/15/21 11:49:42 AM	
Attachments	Description	Attached By	Attached								
Test_Photo_File_3.pdf			08/15/21 11:49:42 AM								
11	<p>Then, enter a description in the Description field:</p> 										
12	<p>Once all Covid Vaccine Data information has been entered and supporting documentation has been attached, click on the Save button located at the top right of the page:</p>  <p>To return to the HRMS main page, click on the Home  icon.</p>										
<p>IMPORTANT NOTE: If you have only entered the 1st dose of a 2 dose vaccine and will be receiving the 2nd dose at a later date, repeat all steps above (under I. COVID-19 Vaccination Tracking) to log Dose 2 when received.</p>
