Active RFPs			
Family Reunification (RFP Rebid)	<p><b>The allocation for the Family Reunification RFP is being combined with the following allocations: Kinship Reentry Workforce (\$250,000), Family Reunification: Therapy Services (\$400,000 of the allocation), Women/Mother's Services (\$250,000 of the allocation), and Fathers Services (\$250,000).</b></p> <p>This Family Reunification program is intended to support Participants and their families as they transverse through and beyond their reentry journey by intentionally and simultaneously working to reunify Families, strengthen Family ties, heal Familial/generational wounds, increase positive childhood experiences, build resilience, increase healthy self-esteem, expand positive social networks, reduce external stresses and start Families on the path of building generational wealth. In many cases, reentering individuals require more personal support from their families and peers to connect and remain connected to stabilization services. The Probation Department recognizes that there are significant challenges for families and peers who provide support to our clients including enduring hardships themselves while lending this support. Helping the reentry population be successful requires training and financial support be provided to family members and peers who support them. To enhance the well-being of the entire family, this Program must expand across multiple service areas. To ensure expertise in each area, this Family Reunification (FR) Program has been broken up into six program areas:</p>	\$4,800,000	Board Date is 2/4/24, negotiating contracts with two vendors for Primary Family Reunification Provider & Housing Stipend, Family Counseling & Therapy, and Child Custody System Navigation Ally.
