This application is being submitted for consideration by the Community Corrections Partnership Executive Committee (CCPEC) at their meeting on _Monday, September 15, 2025_____.

Community Outreach Event Description: Informational session teaching the community tech skills and AI. We approach this with the purpose demystifying it for formerly incarcerated and CBOs. Light dinner and refreshments to be served. Hoping to build a network of Alameda formerly incarcerated and CBOs to co-design our AI Reentry application for Alameda County.

Funding Amount (cannot exceed $10,000): $8000

Signature: _____

Print Name and Title: _____

Funding Application Questionnaire

1. Have you read the CCP Community Outreach Event Sponsorship Guidelines? ☑ Yes ☐ No

2. What is the purpose of the event? This event would be an AI infosession with 3 goals. 1. Teach the formerly incarcerated and CBO Case Managers about AI. Demystify it. Explain how it works and what it can and cannot do. 2. Explain our AI tool and how it will help both formerly incarcerated and case managers more efficiently navigate reentry. 3. Invite CBOs and formerly incarcerated to co-design the Alameda experience that we are building to make the software the most effective.

3. Please provide the date and location of the event: October 14 at Lao Family Community Development

4. Who is the target audience of the event? The entire reentry community in Alameda: The formerly incarcerated and the CBOs that serve them. We are more specifically looking for those who want to learn more about AI and how it can help in this space and how it works. There are a lot of fears about AI and we want to demystify them.

5. What are the expected outcomes of the event? 1. Increase confidence and knowledge of AI tooling (assessed by exit survey). 2. Have formerly incarcerated sign up for research interviews. 3. Have CBOs also sign up for research interviews. 4. Have both parties sign up for our Reentry Events newsletter.

6. Will this event offer any of the following opportunities? *Please check all that apply:*

   ☒ Innovation – Introduces new or creative strategies to support the reentry population and the communities they live in.

7. How does the event support the CCP's generational health and generational wealth goals? Dignifi is supporting the reentry community by creating a network where CBOs and individuals can connect. Both subcommittees cover the breadth of successful reentry in terms of wealth building and health, what we are aiming to do is to facilitate the navigation of the resources in these two paradigms. The feedback we've heard time and time again is that services exist but information and access to the services is unavailable. People don't know where to go or how to access these services. We help with that. We help connect individuals to the CBOs that Alameda supports, and more.

8. How much will it cost to operate the event? $8000

9. Provide a breakdown of how you intend to spend the AB 109 funding for the event:
   Honoraria for Speaker 1 (Tech skills): $500
   Honoraria for Speaker 2 (Demystifying AI): $500
   Honoraria for Speaker 3 (Dignifi's AI tooling): $500
   Venue Rental: $2000
   Printed Material and Design: $500
   Permits: $350
   Catering: $2500
