A Solid Foundation

First starts at home and in the community...Not in School

We help to empower parents to be their child's first and most impactful teacher

Sadly, a Child's Destiny is Often Determined by his or her Zip Code

The Cost of Failure

2/3 of students that cannot read OR socially function by 3rd grade may wind up in prison or on public assistance...for life.

\$546,011

Annual Cost to **incarcerate** a child in America

Academic & Social-Emotional FAILURE = a National Security Issue

It Costs \$1,494.92 Per Day to Incarcerate a Child in America

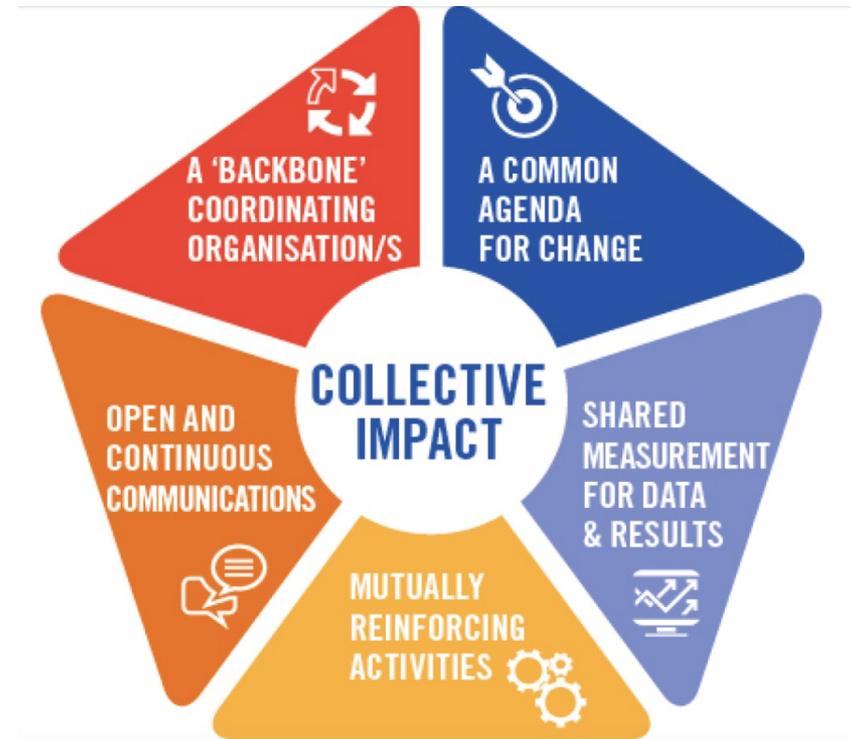

Transformative Leaders invest just **pennies/day** and receive a **large and lifelong** Return on their Investment

The U.S. imprisons more people, per capita, than any other nation

The true cost impacts: Mental Health, Community, Recidivism, Tax Base,
Families, and Friends of the Perpetrators and Victims

or are **AT RISK** of dropping out of
high school annually.

70% INCREASE in Mental
Health Service Referrals

More than **25%** of public schools
are facing teacher vacancies
nationally.
More than **57%** of high-poverty
schools are experiencing
teacher vacancies
