*Notes.* Percentages are calculated out of the total number of youth currently committed to the SYTF as of 09/30/2025 and may sum to greater than 100 due to rounding. Length of time in SYTF is calculated for current youth from youths' commitment or return date to 09/30/2025. Length of time in SYTF for youth released is calculated only for youth released from the SYTF and only counts the duration of time the youth was in the SYTF (i.e., time spent in DJJ is not included in this calculation). Most serious offense is determined using the California Law Enforcement Website (CLEW) offense severity codes.

\*This category includes youth with jurisdictional transfers and youth whose cases were closed out with the ACPD due to a transfer on interstate compact (IC), in addition to youth whose cases were closed due to their term ending, being discharged early, or had an unsuccessful closure. As of 09/30/2025, 3 youth were released due to jurisdictional and IC transfers & 1 youth was released back to DJJ due to 779 motion being denied.

±This category includes youth stepped down to camp, GPS, community supervision, & interstate compact, and is based on the youth's most recent step-down date. Youth previously transferred to a less restrictive program but returned to the SYTF, or on AWOL status are excluded.
